Be a winner with Five Office Ltd !

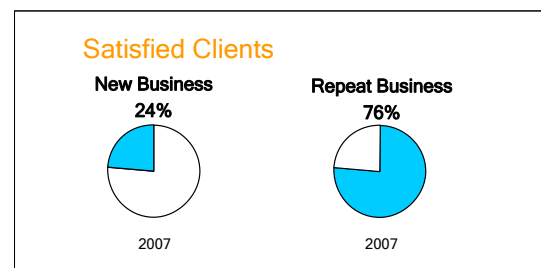

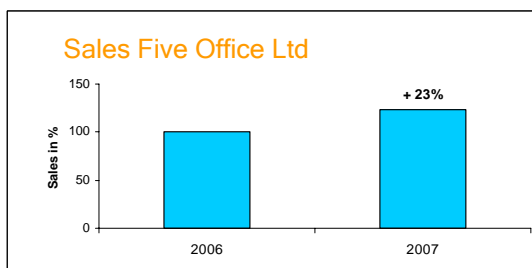

Dear Madam, dear Sir

This year we celebrate the 30<sup>th</sup> anniversary of Five Office and we thank you heartily for the trust and loyalty you have shown to our company.

Purveyors of innovation do well to understand the conventional. As an agency, Five Office has launched Zithromax®, Norvir®, Topamax®, Remicade® and Inegy®, to name just a few. Each of these introductions to the market has been supported by an innovative and successful marketing concept. The prerequisites to achieve such success can be discovered in our deep-seated understanding of the pharmaceutical market and product potentials.

Your success leads to our success. We are consciously oriented to your long-term achievements.

You can benefit from:

- launches and turn-around campaigns based on rousing ideas that are tailored to the product and that send a convincing message.
- breathtaking image-messaging that triggers genuine emotion.
- absolute adherence to deadlines and top-quality at commensurate pricing.

Clinical Research, Regulatory, Health Marketing and Communication, 30 years of success for you

You also benefit from:

- professional competency. Our Regulatory Department examines projects in terms of conformity to the pharmaceutical codex.
- privileged access to prescribers. Our Clinical Research Department has a first-class network of key opinion leaders and investigators.
- a wholly-integrated approach that focuses even more on the needs of your customers. We would be happy to introduce you to the “Innovation Initiative” of Five Office Ltd.

Five Office Ltd offers you a wide range of professional services as well as personal, wholehearted commitment. We are also happy to support you in your day-to-day business activities.

We look forward to our continued collaboration or to counting you among our new customers very soon. Just give us a call right away and take advantage of our special conditions.

Or perhaps you would like to skype, climb or discover the stars with us.  
The tiger is also expecting you!

Best regards

**Five Office Ltd**
